New Delhi, the 25th April, 1957.

SUB:—Import of Cycle Dynamo Lamps

No. 33-I.T.C.(P.N.)/57.—Attention of importers is invited to Serial Nos. 300 and 301/IV, licences for which permit, amongst others, the import of cycle dynamo lamps. Such cycle dynamo lamps consist of several parts, one of which is a rotor which is in contact with the tyre of a cycle and the lamp is worked by the rotation of the rotor while in contact with the speeding tyre. This type of rotor connected to the tyre is not used with dynamo lamps for motor cycles. It has been reported that such cycle dynamo lamps are imported and cleared as motor vehicle parts. This is not in order and it is notified for general information that import of cycle dynamo lamps i.e. dynamo lamps worked by the rotation of rotor in contact with tyre cannot be allowed importation as motor vehicle parts under licences for spare parts falling under Serial Nos. 293, 295, 297/IV.
